WATER FILTRATION SYSTEM

pure & simple Fresh, Clean, Filtered  
**DRINKING WATER . . straight from YOUR TAP!**

**pure** DRINKING WATER - **simple** TO INSTALL  
**REQUIRES NO SPECIALIST EQUIPMENT**

**order line: 01773 580513**

Payment accepted by Cheque/Postal Order  
and all major credit cards.

**WHY PAY FOR BOTTLED WATER & struggle to carry heavy bottles home - you can have your own unlimited supply of clean, clear & health promoting water at a fraction of the cost.**

In addition to removing odours from your water, improving the taste and inhibiting the build-up of limescale, at the press of a button your filter will remove the following

**Tannin**

**Chlorine**

**Heavy Metals**

**Pesticides**

**Herbicides**

**THM**

**PCB**

**Sand**

**other particles**

*You can choose from two tap styles, standard or swan neck, available in chrome, gold and a choice of four colours - white, black, red or brown to complement your kitchen. (please ask for price)*

**PUREtec**

We are all aware of the concerns about drinking water quality, from various contaminants to the additives deemed necessary by water companies, hence the massive increase in bottled water sales.

Now you and your family can have peace of mind with your own **PURETEC** water filtration and treatment system fitted to your regular water supply.

**Price on Application**

Each **PURETEC** system comes equipped with the following:

**Standard Style Chrome Tap**

**Filter cartridge**

**Mounting Bracket & Two Screws**

**Saddle Tapping Isolation Valve**

**Connecting Hoses**

# FITTING COULDN'T BE EASIER

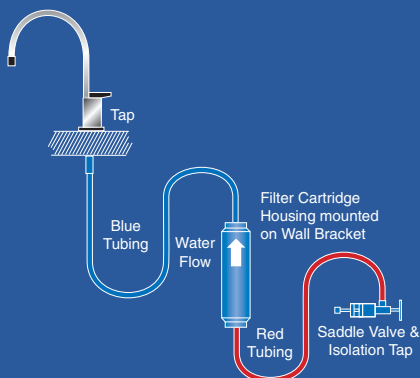

**REQUIRING NO SPECIALIST EQUIPMENT!**

Fitting your **PURETEC** system could not be easier and comes with very simple to follow instructions for installation. If you prefer, you don't even have to interrupt your water supply by turning it off. The 'Saddle Tapping' valve is simply tightened around your cold water supply pipe and once pierced forms an on-off tap for cartridge replacement. Hose attachments simply push on to form a seal.

**All the tools you will need are:**

- **Drill**
- **3mm Drill Bit**
- **11mm Twist Drill Bit**
- **Phillips Screwdriver**

*We recommend that your cartridge is replaced every six months - price on applicationn.*
